UPDATE: Bonds Slightly Weaker, Awaiting Political Developements

The bond market is slightly weaker this morning ahead of today's data which includes jobless claims and New Home Sales. Both are lower tiered reports and will likely have little to no impact on today's trading. Market participants are awaiting the drama in DC over today's Healthcare Reform vote.

Currently, the benchmark 10 year note is trading at 2.41 while the 3.5 FNMA coupon is holding in the green at 102-04.
