ALERT: Some Lenders May Already be Considering Reprices

Fannie 3.5 MBS are down 9/32nds on the day and 7/32nds (nearly a quarter point) from some lenders' rate sheet print times. This is enough for the early/aggressive crowd to consider negative reprices, even though they likely priced more conservatively due to today being NFP day.

10yr yields are now fulfilling their unpleasant destiny of hitting the 2.28% technical level (currently up 6.4bps at 2.283%).
